

SHARING GOD CONVERSATION

In this activity, you and your child will have a guided conversation to discuss the things you love about God! This will give your child practice and confidence to share God with others, too.

DIRECTIONS

PREP

1. Review the questions below to keep in mind as you talk to your child about God.
 - a. What are some things you love about God?
 - b. What have you learned about him in the Bible?
 - c. What are some good things he has done for you?
 - d. What are you thankful to him for?
 - e. Who is someone you want to tell about God?

DO

1. Find a time your child is ready and willing to participate in conversation. (Meal or snack time may be best!)
2. Ask them some of the questions above, and share your answers with them, too.
3. As you ask them, help them learn how to put some of their thoughts or feelings into words.
4. Encourage them to think of someone else they want to talk about God with, too! When you love God, you can't help but share about him and tell people what you love about him.

SUPPLIES NEEDED

None needed

TEACHING CONNECTION

One of our purposes is to share about God with others. We can do that by talking about him with anyone we meet! When we practice talking about God with other people who love God, it makes it easier to live out this purpose.
